Allowable Subject Matter

The following is an examiner's statement of reasons for allowance: the examiner has considered applicants' amendment filed October 11, 2006. Said amendment was sufficient to overcome the rejections of record under 35 U.S.C. 112, second paragraph, 101, and 102. Applicants' arguments with regard to the rejection under 35 U.S.C. 103(a) were persuasive. The prior art relied upon for said rejection teaches the production of a different class of compound than that which is prepared by the instant process, and does not teach the use of hydrogen fluoride as a reactant; as such, the rejection has been withdrawn. Also, the closest prior art of record fails to teach or fairly suggest the bis(perfluoroalkyl) phosphinic acid salts recited in the instant claims. Accordingly, the instant claims are now allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Sikarl A. Witherspoon whose telephone number is 571-272-0649. The examiner can normally be reached on M-F 8:30-6:30.
